

ABOLISHING

I.C.E.

an incomplete guide

WHAT
CAN
WE
DO?

1. Don't talk to ICE:

When ICE agents come
to workplaces and houses
looking for information,
every door should be shut
in their faces and every
mouth kept closed.

2 - MASS OPPOSITION:

Starting in Portland and spreading to DC, LA, NYC, Chicago, Atlanta and more, protestors have come together against ICE. Marches, blockades, and sit-ins have been used to temporarily shut down ICE operations and raise political awareness.

These activists have shown us
SUCCESS IS POSSIBLE.

(see: @ Occupy ICE PDX)

3 - Support immigrant groups:

Financially, by volunteering, and by showing up!

We are stronger when we stand together.

suggested groups:

- Movimiento Cosecha
- RAICES
- No More Deaths
- local sanctuary churches & coalitions
